Targets Are *Estimates, Not* Promises

❓ COMMON QUESTION

A brokerage Buy rating means the price cannot fall any further.

✅ SOURCE-BACKED ANSWER

Weak technical charts indicate selling pressure can persist regardless of target prices.

Weak Charts

Signal Lingering

Risk

A broker's ₹310 target price is an estimate based on business models, not a promise. If operational improvements or loss reductions at Instamart stall, the stock can remain under pressure.

Protect Capital *With Strict* Stops

Never confuse *a price* target with a safety net
