Counting on *the 8th* Pay Commission

What is *the 8th* Pay Commission?

card_text It is a formal body set up by the government to review and recommend changes to the salary, allowances, and pension structures for central government employees and pensioners.

The Top *Employee Demands*

checklist_data Higher minimum pay DA (Dearness Allowance) merger Revised fitment factors Inflation-linked allowances Pensioner benefit revisions

Understanding the 'Fitment Factor

card_text The fitment factor is a multiplier used to calculate the new basic pay from the old basic pay. Employee groups are asking for this multiplier to be increased to boost overall salary levels.

What is *a 'DA* Merger'?

card_text Dearness Allowance (DA) is paid to offset inflation. A 'merger' means adding a portion of this allowance into the basic salary, which then increases other benefits like house rent allowance and gratuity.

The Timeline

Reality

stat_data May 2027 Deadline for Final Recommendations The commission is currently in the consultation phase. No changes are official until this report is submitted and the government issues a formal notification.

Why You *Should Wait*

comparison_data The pay hike is finalized and will hit my bank account soon. These are only proposals. The government must review, approve, and notify the changes, which only happens after the May 2027 report.
